Siempre, social y conectado

Cue es el software más intuitivo y confiable para el DJ. Le da al DJ el poder para mezclar, hacer scratch, manipular y muestrear audio y vídeo en sus dos decks virtuales. Puedes usar Cue tal y como usas los vinilos, CDs o cualquier otro formato. Simplemente carga canciones de tus cajas virtuales a las decks y mezcla. Trabajar con pistas digitales es tal y como siempre ha sido desde los días del vinilo y puedes controlarlas con el mouse o una amplia gama de controladores, decks y mixers de Numark que tú elijas.

Tu mezcla... Tu software

Mientras muchos otros programas requieren que te adaptes a su estilo, Cue tiene una serie de "pieles" que te permiten adaptar su look y funcionalidad a tu gusto y necesidades. Puedes seleccionar Basic, Power Audio, Internal Mixer y Full Audio y Video para el setup perfecto para ti.
